Mrs Darling welcomed Councillor Forrest and members of the public.

The documents regarding the notification for the erection of the Monopole had been received on 6 October but were dated 28 September which is the date the 28 days allowed for comment starts.

Mr Marjoribanks had been in touch with APT, the acquisition surveyors, and told the meeting what he had found out.

Councillor Forrest said he had a mast on his land, although not erected by the same firm, and through negotiations the original site for it had been changed to accommodate people's wishes.

It was unanimously decided to write to APT to ask if re-siting of the monopole could be considered so that it was not directly in front of the southerly aspect of South Street.
