

URGENT: Can you help vulnerable neighbours at this challenging time?

Many of us want to help our neighbours who may need support; we are therefore identifying volunteers willing to do this, ensuring everyone who needs help gets it.

The sort of support needed will not be demanding and may include picking up shopping, posting mail, making a friendly phone call, or similar things.

We will ask you to hand drop a leaflet at a few specific houses near you, and help out as needed. In this way, we can make sure no one is left out.

If you would like to help, **please provide your name and address** so we can match 'houses for support' accordingly. We will also need your email and phone number so we can contact you.

- either **email** your contact details to rescomsco-od@gavinton.net or
- send a **PM** (private message) on the Gavinton Community [Facebook page](#)

Please respond now as time is pressing

All personal information will be protected in accordance with General Data Protection Regulations

Very many thanks

Keith Dickinson, Chair, Gavinton, Fogo and Polwarth Community Council

Donald Ritchie, Chair, Gavinton Village Hall
