Order your books now through 'Connect & Collect'

This week we launched ['Connect & Collect'](#), a new library service that brings books and borrowers back together.

We've missed offering our services in the community and are pleased to invite you to order books through the Live Borders Libraries [online catalogue](#), [app](#), or over the phone, and then pick them up from one of our new mobile library stops.

If you don't have internet access would like some assistance making selections online, you can chat with a member of library staff on our new phone service. The phone line is open Monday-Friday from 11:00 to 15:00 on 01750 726400.

Our knowledgeable staff will help with selections and advise on where the books can be collected. You can also view the new mobile library routes on our website.

For more information on the 'Connect & Collect' service or to reserve your book online, [CLICK HERE](#).

Live Borders is a charity. Every penny you spend with us is reinvested into supporting active, creative and healthy communities in the Scottish Borders.
